Dr. Mary To

杜育嫻博士

Dr. Mary To is the founder of Bunny Kids Learning Limited. She earned her Dual Doctor of Education degrees from UCAM in Spain and BU in France. She also holds a medical translation qualification from the ARCH Language Network. Dr. To realized that English phonics systems adopted from other countries were unsuitable for the local education system, leading her to incorporate interactive elements to publish copyrighted English learning curricula.

Over the past two years, Dr. To has received both the Outstanding Leadership Award and the Visionaries Award from the Education 2.0 Conference in Dubai and Las Vegas respectively. She has served as both a speaker and moderator, leading multiple speaking sessions and panel discussions regarding the negative impacts of the pandemic, as well as the effects of AI development, on young children. She was delighted to share her educational philosophy with educators from 121 countries. Recently, she also hosted a webinar focusing on efficient English learning systems for non-native speakers.

杜育嫻博士及院士為與兔童學創始人，獲西班牙武康大學及法國布列塔尼大學教育雙博士，並具醫學翻譯資格。她針對本港兒童研發出結合互動元素的專利英語拼音課程及線上頻道。過去兩年，杜博士榮獲教育2.0峰會於迪拜及拉斯維加斯頒發「傑出領導獎」與「遠見者獎」，並以演講嘉賓及主持人身份，主導多場探討疫情與AI發展對幼兒影響的專題討論，與121國學者分享理念。近期，她亦舉辦了針對非母語人士的高效英語學習線上講座。
